

Milkshake®

Stronger response,
better protection.

What's Inside Matters

Milkshake® is a precision-formulation of vitamins and minerals crafted by Veterinarians in New Zealand to support the nutritional needs of growing calves - simply and effectively.

Milkshake® delivers a powerful blend of key nutrients in just one easy weekly dose.

Immune support that stands out with healthier weight gains - you're on track.

Ingredients:

every 1 ml of undiluted liquid contains the following essential vitamins and trace minerals.

Selenium	1 mg/mL
Chromium	1 mg/mL
Iodine	100 mg/mL
Vitamin C	30 mg/mL
Vitamin A	10 000 iu/mL
Vitamin D	5 000 iu/mL
Vitamin E	100 iu/mL

Directions:

Mix 1 part Milkshake to 4 parts water, milk or Calf Milk Replacer.

Dosage:

1ml Concentrate / 5ml Diluted. Per calf, once a week for calves <50kg. Suitable for calves from 1 day of age.

Care:

Care should be taken to avoid over supplementation from this product and/or concurrent use of other products containing selenium. The user can consult their veterinarian to determine an animal's selenium status.

Storage:

Store below 30°C in the original container. Protect from light. Once open use within 1 Month.

First Aid:

Keep away from children. Avoid contact with the eyes and skin. If medical advice is needed have a product container or label.

For advice, contact the National Poisons Centre on 0800 764 766 or a doctor.
